ENGINEERING DEPARTMENT.

SPECIAL DIVISION.

Notice dated 15th May 1931.

Attention of the public is invited to the notice calling for tenders for constructing a building for Dyeing and Finishing plant at Mysore published on pages 531 to 533, Part VI of the *Mysore Gazette*, dated 21st May 1931. The last date for receipt of tender is 5th June 1931.

In the detailed notification referred to above for teakwood battened door 1" thick (Item 7) Please read 1 ½" thick.

For V shaped drain of burnt brick in mortar, item 24, please read V shaped drain of stone jelly concrete.

Notice dated 30th May 1931.

Notice is hereby given that the sealed tenders will be received at the Office of the Executive Engineer, Special Division, Mysore, up to 20th June 1931, till 12 noon for the supply of iron materials required for the building for dyeing and finishing plant for silk filature at Mysore. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed within two months from date of order.

2. The detailed estimate and conditions may be seen at the Executive Engineer's Office at Mysore, between the hours of 11 A.M. and 5 P.M. on the working days.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed. The articles should be for delivery at the Mysore Railway Station.

4. Each tender must be accompanied by a deposit of rupees two hundred and fifty only, (Rs. 250) in cash as earnest money, and be superscribed "Tender for supplying iron materials for the building for dyeing and finishing plant at Mysore," in default of which the tenders will be rejected.

5. The final acceptance of the tender will rest with the Superintending Engineer, Mysore Circle, Mysore, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender the successful competitor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled and his earnest money will be forfeited.

7. The name of the successful competitor whose tender has been accepted will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders the earnest money on rejected tenders will be returned.

9. No tender stating "percentage less than the lowest tender or as per estimated rates" will be accepted.

10. Once the tender has been accepted no claim for any concessions or higher rates will be entertained.

11. Plan showing details of trusses and stanchions will be supplied on application.

Abstract estimate of quantities.

Details of work	No. required	Unit	Rate	
			In figures	In words
